SPANISH SUMMER FOR INTERNATIONAL FAMILIES

One summer camp, two schools. A unique learning experience

OUR MISSION

Our program is designed to foster friendships, encourage conversation, and build connections throughout the week.

Through shared experiences—playing, exploring, creating, and learning together—children find genuine reasons to communicate.

Questions arise, ideas are exchanged, and they find a reason to use Spanish as a tool for connection. We believe that language is best learned when it is lived. During this summer, students of this program will have their assigned counselors, but will share some experiences with other children from the region.

THE FOUR HOUSES

At the start of each week, the children are assigned to one of four teams.

Each team is made up of children of different ages (4–6, 7–9, and 10–12), which encourages cross-age collaboration, empathy, and natural leadership.

The teams earn points together throughout the week by:

- **TEAMWORK**
- **A COLLABORATIVE EFFORT**
- **PARTICIPATION**
- **HEALTHY COMPETITION**

The goal is shared success, not individual competition. This system fosters a sense of belonging and community from day one.

During these team efforts, our Spanish Summer program students will team up with local kids that are in the English program, ensuring that in order to communicate with their teammates, they will have to make an effort to communicate while our counselors are there to guide them

LANGUAGE IMMERSION

Children will have a few Spanish classes a day to ensure basics and vocabulary. But for the most part, it's an integral part of the school day. Children use the language to play, create, solve problems, and express their ideas. The staff supports the students with clear, calm language, encouraging understanding and participation. The focus is on communication, not perfection.

COOKING WORKSHOPS

Once a week, the children participate in a group cooking activity to develop independence skills, follow instructions in Spanish, and practice good hygiene habits.

OUR VALUES

We design every aspect of the program around a set of core values that are put into practice every day:

- Respect**—for oneself, for others, and for shared spaces
- Curiosity**—asking questions and exploring new ideas
- Collaboration**—learning and growing as a group-
- Confidence**—to express oneself in Spanish
- Personal accountability:** awareness of one's actions, independence, teamwork, and time management.

ARTE Y CREATIVIDAD

We help build creative expression through art, dance, music, and crafts, encouraging exploration and free expression as part of the creative process.

DEPORTE

These activities encourage positive energy, teamwork, and trust, always in a safe and supportive environment.

At Parque Berlin, we'll be hosting water activities and outdoor games. In addition, our sports center, **El Dojo**, is just 100 meters away, where we'll also be holding other sports activities.

SPANISH SUMMER

OUR FIELD TRIPS aim to use the city as a space for learning, culture, and discovery. We want participants to share experiences, observe, ask questions, and spark conversations that strengthen bonds and friendships.

ORU WORKSHOPS connect our students with professionals from a variety of fields, where we aim to spark their interest in topics that go beyond the normal school curriculum

THEME

- DATE CHANGES WILL ONLY BE PERMITTED WITH A DOCTOR'S NOTE STARTING JUNE 1
- DISCOUNTS DO NOT APPLY TO CATERING OR VENUE UPGRADES.

SOME TESTIMONIALS FROM THE PREVIOUS EDITION

"It was her first camp, and she came home happy every day. I was pleasantly surprised to hear her come home singing songs in English and telling me about her adventures that day using English words. The staff is very friendly and inspires a lot of confidence. It's been a great find for us since we're new to the city. Thank you, Marina!"

María G. (madre de Leo, 5 años) - 3 semanas

"We're absolutely delighted. What I appreciate most is that they never once felt like they were attending English classes. They didn't get overwhelmed, and they didn't find it hard to come every day for a month and a half. Sofia and Tino made friends of different ages, they were eager to go, and every week they'd come home telling us about new adventures. We'll definitely be counting on you next year."

Javier R. (padre de Sofía y Tino, 7 y 9 años)

"We were looking for something different from a traditional camp, and it was a total success. Field trips, workshops, sports, and lots of teamwork. Daniel came back more independent and motivated, and I don't think he even realized he'd spent the whole summer speaking English until his cousins from Switzerland came to visit a few days ago. Camila was so helpful to us!"

Laura M. (mother of Daniel, 11 años) - 8 semanas
